

# MD ROBIUL ISLAM

## SUMMARY

I'm a driven computer science undergraduate with a passion for problem-solving. Through hands-on projects and internships, I've developed expertise in Android and Web development. I'm eager to apply my skills and continue learning in a dynamic environment where I can contribute to projects.

## EXPERIENCE

### Remote Job - AI Chatbot Training Intern | Dec 2023 To Feb 2024 Cognitoflow

- Participated in a remote internship role at Cognitoflow, focusing on training AI chatbots.
- Acquired and annotated coding-related data sets to enhance the chatbot's understanding of programming concepts.

## PROJECTS

### 1. Online School Management System

- Developed an Online School Management System using ASP.NET framework.
- Implemented features such as student registration, course management, attendance tracking, and gradebook management.
- Utilized SQL Server for database management and integrated security measures to protect sensitive information.

### 2. CardioCare: Android Health Monitoring App

- Utilized Java programming language and Android Studio IDE for development.
- Implemented features such as real-time heart rate monitoring, exercise tracking, and personalized health recommendations..

### 3. Online Shopping System

- Designed and developed an Online Shopping System using the MERN (MongoDB, Express.js, React.js, Node.js) stack...

## SKILL HIGHLIGHTS

- Innovative
- Creative design
- Service-focused
- Project management
- Strong decision maker
- Complex problem solver

## LANGUAGES

- Bengali
- English

## HOBBIES

- Sports
- Cycling
- Photography
- Design

## EDUCATION

**Bachelor of Science: Computer Science And Engineering** | 2024  
Khulna University Of Engineering And Technology, Khulna

**Higher Secondary Certificate: Science** | 2019  
Rajshahi Board

## CERTIFICATIONS

Programming Languages: **JavaScript, HTML5, PHP, CSS, SQL, MySQL.**
